## Programme Report

**Dt: 9-3-19**

**Name of the Topic** : A workshop on “Regulatory Guidelines in Different Countries”  
**Date of Activity** : 9-3-19  
**Venue** : College Seminar Hall  
**Organised by** : IPR Committee  
**Speaker** : Dr. V. Sai Kishore M.Pharm., Ph.D  
Dept. of Pharmaceutics  
Bapatla College of Pharmacy,  
[baptla.voiceofsaikishore@yahoo.com](mailto:baptla.voiceofsaikishore@yahoo.com)  
Cell no: 9440938249

### Objective of the program:

Regulatory requirements for drug approvals differ in different countries. Pharma companies need to develop a comprehensive methodology during the developmental stage of the drug in order to meet the regulatory requirements of the countries in which they need to launch the product. Objective of the present workshop is to let the students know the regulatory needs of a new drug application in major countries like US, EU region etc.,

### Topics Covered

Guidelines of India USFDA

European Union

MHRA

CDSCO

**Outcome of the programme:**

In the workshop students were given an outline of regulatory policies, administration aspects of regulatory departments and related issues in some countries like US, European Union, India and Australia. A comparative study about these countries was given. Guidelines of Australian TGA, EMA, USFDA and CDSCO were outlined in the programme. In total of 43 students attended the programme.

## Programme Report

**Dt: 29-1-19**

<b>Name of the Topic</b>	: A seminar on “ <b>Pharmacovigilance</b> ”
<b>Date of Activity</b>	: 21-1-19
<b>Venue</b>	: College Seminar Hall
<b>Organised by</b>	: R & D Committee
<b>Speaker</b>	: Dr. M. Janardhan M.Pharm., Ph.D Professor and Principal, Nimra College of Pharmacy, Jupudi, IbrahimPatnam, Vijayawada <a href="mailto:principalncp@yahoo.in">principalncp@yahoo.in</a> Cell no: 9989040302

### Objective of the program

Pharmacovigilance is a latest concept of pharmaceutical industry which involves continuous monitoring of the marketed drug and the knowledge of it is considered very important for understanding any problems encountered after launching the product. Students should be aware of the importance of post marketing surveillance and should be encouraged to regularly look into the issues. In recent decades pharmaceutical industries are focusing on pharmcevigilance and are recruiting pharmacy graduates for the betterment of their companies as well as to maintain their goodwill in the market.

### Topics Covered

- Pharmacovigilance
- Software used in this regard
- Understanding adverse affects
- Activities relating detection assessments

**Outcome of the Programme:**

Participants, after the programme will understand different software used in the field of post marketing surveillance and also understand the different activities relating to collecting and detecting patterns and how to analyse the collected data for further understanding the result.

In total 32 students attended the programme.

### Organized by :

Research and Development Committee  
**NRI COLLEGE OF PHARMACY**

Approved by AICTE, New Delhi,  
Affiliated to JNTU Kakinada.  
Agiripalli, Vijayawada, India - 521212

### About the Seminar:

Students, after the seminar gain the knowledge about the importance of continuous monitoring of the market after launching a new pharmaceutical product and will also learn how to collecting and compiling the data. Students will be given information about the different softwares used in this field.

### About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada - Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Gudlalleru, Krishna District  
[aminaammi786@gmail.com](mailto:aminaammi786@gmail.com)  
Cell no: 830911684

### Objective of the program

Drug Delivery Systems are ever developing concepts in Pharmaceutical drug development, which have a concept of different approaches, formulations and systems for transporting a new drug compound to enter into body safely and successfully achieve desired therapeutic effect without any unwanted side effects. New trends aim at successfully achieve the above objectives in different routes of administration and how to achve the maximum effective dosage form.

### Topics Covered

Polymers

Different routes of administration

Strategies for different routes

Advantages and Disadvantages of DDS

### **Outcome of the Programme**

Participants, after the programme will have a overview of newer technologies and developments in the field of drug delivery systems. Knowledge of latest delivery systems and their advance technology will give students a better edge when they go for higher studies or in job interviews. A total of **44** students attended the workshop

[p\\_srinivasulu@chips.ac.in](mailto:p_srinivasulu@chips.ac.in)  
Cell no: 9849919876

### Objective of the program

Magic Remedies Act is aimed to control the advertisement of drugs in certain cases for certain purposes of remedies claiming to possess magic qualities and to provide for matters connected to certain diseases for which treatment is not available.

Any advertisements directly or indirectly promoting the manufacture, sale or consumption of alcohol, liquor, or other intoxicants are also prohibited. Pharmacists having knowledge of these commonly prevailing medicines and should try to educate the society of the consequences of such treatments.

### Topics Covered

Objectionable Advertisements

Common illnesses

## Outcome of the Programme:

This workshop envisioned the students about various magical remedies and beliefs that are widely rooted in India and the dangerous that are associated with them especially in rural areas. Students get to understand the importance of this act to control the advertising such remedies without being advertised and also to educate general public regarding the health hazards of such remedies. Total number of students attended the programme were 42.

Agiripalli, Vijayawada, India - 521212

### About the Workshop:

This workshop envisioned the students about various magical remedies and beliefs that are widely rooted in India and the dangerous that are associated with them especially in rural areas. Students get to understand the importance of this act to control the advertising such remedies without being advertised and also to educate general public regarding the health hazards of such remedies.

### About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMallewari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college bus as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

**NRI COLLEGE OF PHARMACY**

Approved by AICTE, New Delhi,  
Affiliated to JNTU Kakinada.

Agiripalli, Vijayawada, India - 521212

### About the Seminar:

CTD is Common Technical Document developed as a tripartite agreement between three countries US, Japan and EU to minimize the extensive documentation required in filing New Drug Applications in different countries. Students will gain knowledge about the documentation part and different modules of the document.

### About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri Durga Malleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 200 acres of Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.
