Programme Report

Dt: 17-2-18

Name of the Topic : A seminar on “Pharmacovigilance”
Date of Activity : 17-2-18
Venue : College Seminar Hall
Organised by : R & D Committee
Speaker : Dr. K. Venkata Ramana M.Pharm., Ph.D
Professor and Principal,
ASN Pharmacy College, Tenali, Guntur
drkvr70@gmail.com
Cell no: 9849496407

Objective of the program

Pharmacovigilance, involves continuous monitoring of the marketed drug in pharmaceutical industry and the knowledge of it is considered very important for understanding any problems encountered after launching the product. Students should understand the importance of the post marketing surveillance and should be encouraged to regularly look into the issues. In recent decades pharmaceutical industries are focusing on pharmcevigilance and are recruiting pharmacy graduates for the betterment of their companies as well as to maintain their goodwill in the market

Topics Covered

Pharmacovigilance

Software used in this regard

understanding adverse affects

Activities relating detection assessments

Outcome of the Program:

Students will understand the importance of Pharmacovigilance in present day pharmaceutical industry. How data is collected using various software and what are adverse effects and how they have to be notified and what is the impact of post marketing surveillance which is part of pharmacovigilance. In total 36 students attended the seminar.

Organized by :

Research and Development Committee

NRI COLLEGE OF PHARMACY

Approved by AICTE, New Delhi,

Affiliated to JNTU Kakinada.

Agiripalli, Vijayawada, India - 521212

About the Seminar:

The seminar will give an insight to the students, regarding post marketing surveillance, importance of post marketing studies, adverse drug reaction reporting to the concerned departments and other related factors. Students also gain knowledge about some softwares used in collecting the data.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleswari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Dt: 31-1-18

Name of the Topic	: A seminar on “Intellectual Property Rights”
Date of Activity	: 31-1-18
Venue	: College Seminar Hall
Organised by	: IPR Committee
Speaker	: Dr. J. Ramesh Babu, M.Pharm., Ph.D Professor & Vice-Principal Chebrolu Hanumaih Institute of Pharmaceutical Sciences, Chaudavaram, Guntur j_rameshbabu@chips.ac.in Cell No: 9949063122

Objective of the program

Intellectual Property Rights are given to any novel procedure or any idea which involves the intellect of a person in any field of science. This came into existence from 1883 and the first treaty was named as Paris Convention for the protection of Industrial Properties and Inventions.

The Patent Cooperation Treaty (PCT) is an international treaty and provides the possibility to file one single patent application that has the same effect as a national patent application, instead of filing multiple national or regional patent applications. This treaty helps in filing Patent in multiple countries at the same time without having any delays.

Topics Covered:

Intellectual Property Rights
Types
PCT

Outcome of the programme:

This seminar makes the students to understand the concept of intellectual properties, types of intellectual properties and various laws that are enacted to protect this right under the constitution. Students will have an idea about the importance of this law in Indian Pharmaceutical industry. A total of **36** students attended the seminar.

NRI Institute of Technology
Pothavarappadu, Agiripalli

Organized by :

Entrepreneur Development Committee
NRI COLLEGE OF PHARMACY

Approved by AICTE, New Delhi,
Affiliated to JNTU Kakinada.

About the Seminar:

This program provides knowledge on, Innovation essential for keeping a firm ahead coping with limitation threats, Investment made on resources, Resource management pivotal for innovative capabilities, corporate market research methods and strategies, Concepts and regulations of managing a corporate entrepreneurship, Future studies and environmental dimensions that influence the corporate entrepreneurship.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleSwari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Programme Report

Dt:14-12-2017

Name of the Topic : A workshop on “Banned Drugs”
Date of Activity : 14-12-17
Venue : College Seminar Hall
Organised by : IPR Committee
Speaker : Dr. T.E.G.K. Murthy, M.Pharm., Ph.D
Professor and Principal,
Bapatla College of Pharmacy, Bapatla
bcoppprincipal@gmail.com
Cell no: 00123442094

Objective of the program:

Banned drugs are the ones which will have adverse effects if released into the market and whose manifestations are clearly known and are harmful to the public. Pharmacist should understand the availability and options for safer drugs and also should understand the harmful interactions and consequences of irrational use of such drugs.

These drugs usually have longterm implications and habit forming problems. So a pharmacist should be educated for the same.

Topics Covered:

Banned Drugs

Reasons for being habituated

Social Drugs

Outcome of the Programme:

The workshop envisioned students to understand the problems that led to ban few drugs that are either synthetic or natural. Students will get a insight of the adverse reactions and contraindications of the commonly available banned drugs. Status of such drugs in different states and countries. In total **39** students attended the workshop.

Programme Report

Dt: 9-10-17

Name of the Topic : A seminar on “Research methodology”
Date of Activity : 9 – 10 - 17
Venue : College Seminar Hall
Organised by : R & D Committee
Speaker : Dr. C. Gopi M. Pharm Ph.D.,
Associate Professor, Dept of Pharmaceutical Chemistry, GIET,
Rajahmundry, AP
gopi@giet.ac.in
Cell no: 9963569708

Objective of the program

Research methodology involves a systematic approach for developing any drug or any new molecule in pharmaceutical industry and the knowledge of it is considered very important for the students and they should be encouraged to regularly work in research field at institute level and thereby help in technological/industrial development. In recent decades our country is focusing on research activities at institution level and contributing towards R & D activities by scientists, teachers, students etc is increasing.

Topics Covered

Research methodology

Non – Clinical Trials

Instrumentation – UV-Vis, NMR, IR

Searching for relevant References

Outcome of the Programme:

After this seminar, students will understand about the type of research work that is carried out at lab level, types of non clinical studies. Students also will know the advanced instrumentation of UV-VIS, NMR and IR instrumentation. How this instrumentation is helpful in research work. About 39 students attended the programme.

Objective of the program

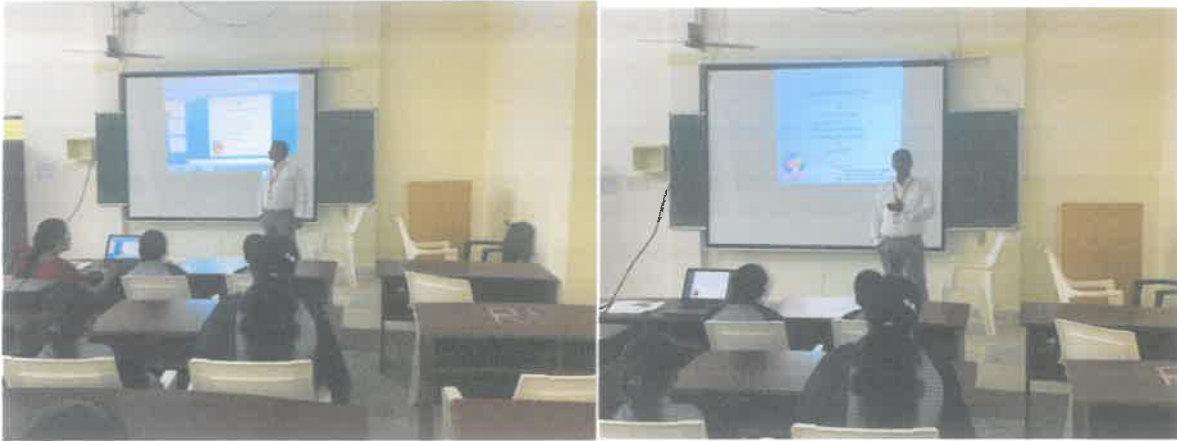

This programme is aimed at developing Entrepreneur skills, which is regarded as a part of developing the young students into entrepreneurs. It can be taken as a challenging task, either internally within organisations or externally by creating new businesses that are sustainable in a complex business environment. Two aspects include developing business or innovative companies – entrepreneurship and developing a function in an innovative way – intrapreneurship. To encourage students to think in an innovative way,

Topics Covered:

Entrepreneurship
Intrapreneurship
Entrepreneurship skills

Outcome of the programme:

After the workshop, students will have awareness about entrepreneur skills and way of inculcating such ideas and trying to polish the skills already existing within them. They will be given some tips to improve their managerial skills and also think ways to become a successful entrepreneur. Total 39 students attended the workshop.

WORKSHOP ON

“ENTREPRENEUR DEVELOPING SKILLS”

29, JULY 2017

Agiripalli, Nunna, Krishna District, India

www.nricp.edu.in

SPEAKER

Dr. N. V.Surendra Babu Ph.D
Director, Placdemet Cell,
NRIT, Agiripalli.

Organized by :

Entrepreneur Development Committee

NRI COLLEGE OF PHARMACY

Approved by AICTE, New Delhi,

Affiliated to JNTU Kakinada.

Agiripalli, Vijayawada, India - 521212

About the Workshop:

After the workshop, students will have awareness about entrepreneur skills and way of inculcating such ideas and trying to polish the skills already existing within them. They will be given some tips to improve their managerial skills and also think ways to become a successful entrepreneur.

About the organizing Institute

The NRI College of Pharmacy, Pothavarappadu, Krishna District was established in 2007 under the patronage of Sri DurgaMalleSwari Educational society, Vijayawada, to provide quality technical education and to promote research and development activities in Pharmacy. The institution is built in a calm and serene atmosphere, surrounded by lush greenery and is well connected by college buses as well as public transportation. Ideally located on sprawling 20 acre Mango groves, on Vijayawada – Nuziveedu State Highway, the campus is about 23 KM away from Vijayawada and 22 KM away from Gannavaram Airport.

NRI College of Pharmacy offers Graduate and Post Graduate programmes in Pharmaceutics, Pharmaceutical Analysis, Quality Assurance.

All departments are well equipped with the state-of-the-art equipment, sophisticated laboratories, computer centers, with the most contemporary facilities backed by advanced equipment and software.

Programme Report

Dt: 24-7-17

Name of the Topic : A seminar on 'Patent Laws'
Date of Activity : 24-7-17
Venue : College Seminar Hall
Organised by : IPR Committee
Speaker : Dr. A. Ramu M.Pharm., Ph.D
Associate Proffessor
Chebrolu Hanumaih Institute of Pharmaceutical Sciences,
Chaudavaram, Guntur
a_ramu@chips.ac.in
Cell no: 9848553804

Objective of the Program:

Patent Laws give exclusive rights to the patent owner to prevent others from commercially exploiting the patented invention. In other words, patent protection means that the invention cannot be commercially made, used, distributed, or sold by others without the patent owner's consent.

Under this law, patent rights are granted for inventions covering a new and inventive process, product or an article of manufacture that are able to satisfy the patent eligibility requirements of having novelty, inventive steps, which have capability for industrial application. Students should understand what type of works are considered for patenting in Pharmaceutical industry.

Topics Covered:

Patent Laws
Patent Rights
Pharmaceutical industry

Outcome of the programme:

After this seminar, students will have an idea about what is a patent, patent laws, and the importance of patent rights to an inventor and the different types of patents. Students will also have knowledge about patent drafting and importance of patenting. In total 34 students attended the seminar.

Professor & Head, Pharmacology,
GIET, Rajahmundry, AP
ramchandran@diet.ac.in
cell no: 9949261973

Objective of the program

Research and Development is considered as back bone of any institute and students should be encouraged to regularly take up research work at institute level and thereby help in technological/industrial development. In recent decades our country is focusing on research activities at institution level and contributing towards R & D activities by scientists, teachers, students etc is increasing.

Topics Covered

Research Paper writing
Review Paper Writing
Sample Research Paper
References of different Journals
Indexed and non indexed Journals

Outcome of the Program:

After this seminar students will be able to understand the difference between research and review paper and they also will be able to understand what all details should be collected while attempting to write a review and research paper. Total number of students attended the programme were 42.
