REPORT

NAME OF THE PROGRAM : 'World Health Day'

DATE OF THE PROGRAM : 07.04.2021

Celebration of **World Health Day** was observed on 07th April in our college, with an aim of spreading awareness about importance of providing health services to each and everyone around the world. As COVID-19 has highlighted, some people are able to live healthier lives and have better access to health services than others- entirely due to the conditions in which they are born, grow, live, work and age. This leads to unnecessary suffering, avoidable illness and premature death. And it harms our societies and economies. According to WHO this is not only unfair: it is preventable thus '**Building a Fairer, Healthier World**' is set as theme of World Health Day, 2021. Attended the event and delivered an speech on '**Current Scenario of Health Care System in India**', which elaborated various topics like strategies of Indian health care systems, their advantages, disadvantages and their comparison with global health care systems. Photographs of related events are attached.
